## PROJECT SCOPE:

### **COPY PROJECT SCOPE FROM JURISDICTION APPLICATION & INSERT**

Applicant seeks \$200,000 in CDBG funds to provide relief for county residents which have become unable to pay their utility bills due to adverse economic circumstances brought on by the 2020 pandemic.

Project will be conducted in partnership with Northern Kentucky Community Action Commission (NKCAC). Residents who are delinquent on their utility bills due to the Coronavirus pandemic, can apply for relief (maximum \$250 per month), and payments will be made to the respective utilities on their behalf. Utility systems to be covered by this program include: Northern Kentucky Water, Duke Energy, Sanitation District NO. 1 and Owen Electric. Many residents have fallen behind on their utility bills due to economic impacts of the coronavirus pandemic. Impacts include the loss of employment, illness due to COVID-19, the need to assist family member, especially the elderly, who are struggling to stay healthy and who are not able to leave their homes. These excessive hardships will take much longer to overcome should the proposed project not provide relief.

This program will provide relief to those residents, as well as alleviate financial strain to utilities due to these increased delinquencies.
