

Finance Committee Report
March 5, 2019

We held a Finance Committee meeting on February 19. The fiscal year 2018 audit report was presented by John Chamberlin at that time.

Over the past several weeks, the finance staff has been in the process of compiling all of the 2020 fiscal year departmental budget data along with the revenue projections. Over the next two weeks the Mayor, City Administrator and Finance Department staff will be meeting to fine tune the budget requests. A preliminary budget draft will be prepared and presented to the Mayor and City Council during the March Committee Meeting.
