# Congratulations ~ Strong Work!

This month, the American Heart Association, along with St. Elizabeth Hospital, awarded the Target Stroke Award to **Firefighter/Paramedic Brandon Weeks** & **Firefighter/EMT Mark Otte**.

This program is a national quality improvement initiative that focuses on improving the outcomes of stroke patients by rapid assessment, treatment, transport and life-saving intervention at an appropriate healthcare facility. This month, these two EMS professionals had the fastest door to intervention for St. Elizabeth Healthcare.

# Structure Fire - 3872 Sherbourne Drive

On 6/19/2021, Crews received a call for a residential lightning strike. Upon arrival, they found the drywall had been blown off all the ceilings on the second floor and found a small fire behind the stove with no extension to the rest of the house. Crews checked the house several times for any other signs of fire with nothing found. About 4 hours later, Crews were called back to the house for a structure fire. Upon arrival, Crews found the house fully involved in fire and was a total loss. Crews worked for several hours in the pouring rain and severe weather to extinguish the fire. After the fire, it was discovered that the lightning that struck the house was 4-5 times more powerful than normal lightning, resulting in severe structural damage to the house (the foundation was found to be cracked). Fortunately there were no injuries from the lightning strike or the fire, however the homeowners had only been in the house for 3 weeks.
