# Training for the Month

## EMS Skills Training with Dr. Allen

October 2 - 4 2019

Doctor David Allen is the Medical Director for our emergency medical services. He teaches classes to our members to keep us up to date with local trends and treatments. This month he held a skills practical at Erlanger Central Station.

# Training for the Month

## Forcible Entry

October 14 - 17 2019

There are times, when in an emergency, we need to gain access inside of buildings to prevent further loss or assist a person with a medical emergency. Members reviewed training videos and used that knowledge to practice forcing doors on the prop.

# Training for the Month

## First Responder Opioid Awareness and Exposure Training

**October 21 - 23 2019**

In the battle with Opioid Addiction and Overdoses, First Responders need to stay up to date with the most current information. The State of Kentucky now requires EMS providers to complete an online training course for renewal purposes.

# Training for the Month

## AHA Stroke Review Training

**October 23 2019**

The American Heart Association (AHA) has been sponsoring Stroke Review Training in the Tri State Area. Erlanger sponsored the first Kentucky training class. Dr. Adeoye (UC Health Emergency Department Physician and Co-Chairman of the Stroke Program) was the guest speaker.

# Training for the Month

## Victim Search and Rescue

October 28 - 30 2019

Members practiced searching for victims and performing rescues.

# Training for the Month

## MSA SCBA Technician Training

October 29 - 30 2019

With the purchase of the MSA Self Contained Breathing Apparatus (SCBA), MSA instructed a free technician class for our members to make repairs. These repairs will save the city money from outsourcing the work. Lieutenant Godsey is in charge of our SCBA program.

# Life Safety Inspections

The department performs Life Safety Inspections for all public buildings in the City of Erlanger. During a Life Safety Inspection, members meet with business representatives and check the buildings to ensure that all codes are met, proper inspections (fire alarm, sprinkler, hood suppression systems and boiler) are maintained, fire extinguishers are current and general fire hazards are recognized. If discrepancies are located, a re-inspection can be performed after the corrections are made. The department is responsible for over 550 inspections throughout the year.
