Training for the Month

Fire Attack and Hydrant Connections

September 3 - 5 2019

Members practiced pulling attack lines, connecting to fire hydrants and pumping the trucks. The National Fire Protection Association (NFPA) created a training numbered 1410. This drill requires Members to perform several firefighting tasks at the same time.

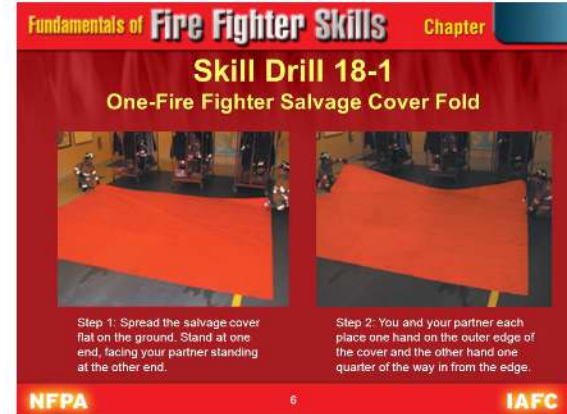

Training for the Month

Loss Control Training

September 9 - 11 2019

Members of all three Shifts practiced preserving property, aka loss control. Most people think of protecting property from a fire, and while that is an important part of loss control, we train to preserve property no matter the emergency. Businesses will call for broken sprinkler pipes, heavy rains cause basements to flood, and we respond to pump out the water. We have also responded for clogged toilets and backed up drains as well.

Training for the Month

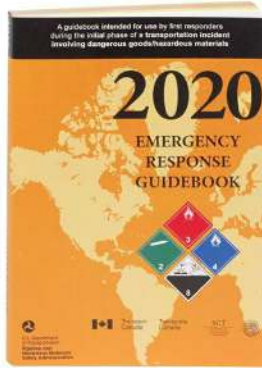

Fire Hose Advancement

September 18 - 20 2019

Crews practiced advancing charged fire hose through the firehouse. When the line is charged (filled with pressurized water), it becomes more difficult to navigate around corners and obstacles.

Training for the Month

OSHA Training

September 23 - 25 2019

Members reviewed the OSHA - Bloodborne Pathogen procedures and the HAZCOM (Hazardous Communications) guidelines. With the amount of EMS calls we respond to, it is important to stay current on procedures to prevent infection.

Life Safety Inspections

The Department performs Life Safety Inspections for all public buildings in the City of Erlanger. During a Life Safety Inspection, members meet with business representatives and check the buildings to ensure that all codes are met, proper inspections (fire alarm, sprinkler, hood suppression systems and boiler) are maintained, fire extinguishers are current and general fire hazards are recognized. If discrepancies are located, a re-inspection can be performed after the corrections are made. The Department is responsible for over **550** inspections throughout the year.

Community Involvement and Public Education

September 2019

Fire Hydrant Testing

Our Department was busy during the month of September flowing and testing fire hydrants throughout the city. This occurs twice a year as we check to make sure the hydrant is operational and has the proper pressure. We have over 900 hydrants in our City.

Community Involvement and Public Education

September 7 2019

Newcomer Festival

Members attended the festival held at Newcomer Funeral Home. Crews offered tours of the trucks and discussed safety.

Community Involvement and Public Education

Enclave Neighborhood Block Party

September 8 2019

Crews visited the residents of the Enclave during their Neighborhood Grill Out and Block Party. Members discussed safety while showing off our trucks and equipment.

Community Involvement and Public Education

Erlanger United Methodist Church

9/11 Visit

Members of Erlanger United Methodist Church delivered snacks and prayed with our Members on September 11th.

Community Involvement and Public Education

September 11 2019

Miles Elementary

Lunch with the Kids

Members spent their lunch on 9/11 with the students of Miles Elementary. It was refreshing answering questions and listening to the children's stories.

Community Involvement and Public Education

September 14 2019

Tunnel to Towers 5K

Members participated in the **Tunnel to Towers** 5K held in Crescent Springs. The run honors Stephen Siller, a New York City Firefighter that was off duty on 9/11.

Stephen carried his fire gear and ran through the Brooklyn Battery tunnel to reach the World Trade Center to help. Unfortunately, Steven lost his life that day.

Community Involvement and Public Education

September 14 2019

Lloyd Memorial High School - Homecoming Parade

Engine 51 and Medic 64 participated in the Lloyd Memorial High School Homecoming Parade.

This parade is a long standing tradition.

Community Involvement and Public Education

September 27 2019

Northern Kentucky Water District Health Fair

Members attended the Northern Kentucky Water District Health and Safety Fair. While there, they checked vital signs, discussed CPR and healthy habits.
