

ECONOMIC DEVELOPMENT UPDATE

September 2022

Highlights

This month, **Putt Putt Fun Center**, was recognized as our featured business. Congratulations to Chris Hetzel, Cole Hetzel, Bob Schoettinger, and Tony Centers for making the Guinness Book of World Records for the most miniature holes of golf (2,097 holes) completed in 24 hours!

Economic Development Director, Emi Randall, along with representatives from TRI-ED, received a tour of the newly renovated offices of **GAP, Inc.** at 1360 Dolwick. The updated office includes many GAP branded memorabilia and art pieces and will accommodate their growing employment needs within the City. Thank you to **GAP** for choosing Erlanger.

On September 22th, **Transitions, Inc.** debuted a new two-room dental clinic at the Residential Treatment Center to serve their clients during treatment and recovery—a service that no other organization of its kind offers in the region. Mayor Fette and City department heads were on site for the ribbon cutting.

Mayor Fette Proclaimed September 30th, 2022 as **ADM Day** in Erlanger, in honor of the 120th anniversary of the company. Mayor Fette, Emi Randall and officials from TRI-ED visited the company to deliver the proclamation and received a special science experiment by their flavorists! Congratulations **ADM**!
