

Report of Department Operations

March 2023

"Performing collectively to provide exemplary services to our community with integrity and pride."

Training For the Month

CPR and Downed Firefighter

March 6 - 8

Crews practiced CPR and using the Lucas Device (device that performs chest compressions automatically). We also practiced CPR on downed Firefighters.

Training For the Month

Pump Operations

March 14 - 16

There is more to being an apparatus operator than just driving the firetruck. Members have to show proficiency in operating the fire pump. The fire pump fills the hoselines with water.

Training For the Month

NKY Firefighter Peer Support Network

March 21 - 23

Our members see the best and WORST in people. This year alone, we have responded to extremely stressful calls for service. Suicide and PTSD can be results of these calls if we do not seek help. Members of the Firefighter Peer Support Team visited each shift to discuss the help and support that is available.

Training For the Month

Engine 52 - Pump Operations

March 28 - 30

Engine 52 is our reserve pumper. It is almost 25 years old. It operates differently than our current trucks.

When one of our other engines goes out of service or there is a call back due to an extended call for service, Engine 52 is put to use. Our members have to be able to drive and operate the pump for those situations. Crews practiced operating the truck.
