

Programs:

- Two new lateral police officers were hired this month. We welcome Officer Nathan Fornash and Officer Mike Allgeier
- A hiring test/process has been conducted and 3 additional recruit officers have been identified and are in the hiring process to replace vacancies
- Yearly evaluations of police employees have been conducted and finalized
- Erlanger Crime Scene Team added a new member, Officer Allgeier comes to us with experience in this area and has joined the team.

Training:

- Officer Shepherd and Officer Ernst attended the Kentucky Association of School Resource Officers Conference in Richmond
- Officers Fornash and Allgeier have begun their Field Training
- Sgt Hines completed a Forensic Firearms class

Investigations/Case Highlights:

- The detectives have been completing a large number of background investigations for the police department and other city departments this month.
- 3rd shift officers located a vehicle through self-initiated traffic enforcement that led to a drug investigation. A large hidden compartment, commonly used for drug concealment, was located in the vehicle through the investigation, but was empty at the time. Officers gathered information for further investigation.
