EMS Protocol Updates

February 2024

Our emergency medical professionals operate under doctor's orders and standing protocols. On occasion, these protocols are updated to reflect best practices. Our members reviewed the changes from the most recent updates.

Vehicle Extrication

February 2024

When vehicle crashes occur, there are times when occupants are unable to get out of the vehicle due to the damage. Our members are trained in vehicle extrication. We recently purchased new battery powered extrication equipment to help in this task and trained our members to become proficient with this new equipment.
