

March 2024

PUBLIC WORKS MONTHLY REPORT

PROGRAMS

Weather Warriors

The Weather Warriors were benched, in the month of March due to the weather being above normal. The crews did not even have to go out and check for slick spots.

Choke Points

The PW's department has choke points throughout the city that are checked for debris before and after a substantial rainfall to prevent flooding issues. PW's refer to these areas as the "Trashy Ten". The Trashy Ten were checked **Twice** this month collecting trash and debris from around inlets to help prevent flooding.

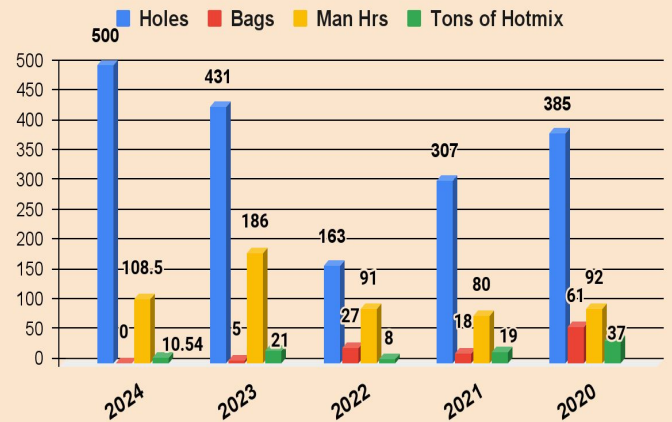

Mowing

The PW's team members have been busy prepping for the upcoming mowing season. They have gone over all equipment such as mowers, weed eaters, blowers, and trailers, making sure all the equipment is up to par to provide the City with the Exceptional service that has come to be accustomed. Mowing began the week of March 18th.

Training

4 PW team members attended the Annual KLC Risk and Safety Conference March 12-15.

2024 1st Quarter Pothole Patching 5 Yr Cycle

CAPITAL PROJECTS

New Public Works Facilities

The Maintenance Building portion of the new facility is coming along nicely with all of the exterior siding complete and over half of the roof on. The wash bay area has had the roof trusses and sheeting installed and the exterior lower level of the administrative building has been framed.

Street Reconstruction Projects

The Northway Drive, Pleasure Isle Drive, and Circlewood Drive project (new asphalt surface with sidewalk/apron replacement) started on Tuesday March 19th, on the concrete portion of the project. The contractor started on Circlewood Drive at Heartwood Lane and are working their way towards Hillwood Court, replacing sidewalks, aprons, some driveway panels, and sections of curbs. Once that is completed, they will do some full depth repairs in the street, mill the old asphalt, and apply a new asphalt surface. After the contractor finishes on Circlewood Drive, they will move to Northway Drive.

The Kingsburg Court project (full concrete street replacement with sidewalk improvements) was awarded to Humphrey Concrete with a start date of mid April.

The Short Hill Lane, Clover Avenue, Alice Street, and Thomas Street project (new asphalt surface with sidewalk improvements) was awarded to Riegler Blacktop with a start date in mid to late April.

Railroad Underpass

We are still waiting on a response from Norfolk Southern to proceed with this project. The Public Works department has been working closely with Baynum Painting to see this project get underway.

Capital Park Improvements

Playground equipment and the basketball goal has been installed at Cahill Commons, playground mulch and the asphalt court surface will be following soon.

John P. Tumlin and Sons have been awarded the contract for Silverlake Park Phase 3, this will include electric, shelters and concrete path along tennis court. This project will be starting mid April.
