

Welcome and Acknowledgments

Welcome!

- . Special Welcome to Cherry Hill Residents and Guests
- . Acknowledgments:
 - Erlanger City Staff
 - Erlanger City Council Members
 - Boone County Officials and Representatives

Community-Centered Design

- Resident Input: Many features of the park are based on feedback from Cherry Hill residents, ensuring the park meets local needs and desires.
- Improved Quality of Life: The park will be a hub for community activities, fostering a stronger sense of community and providing recreational opportunities for all ages.

Visual Overview of the Project.

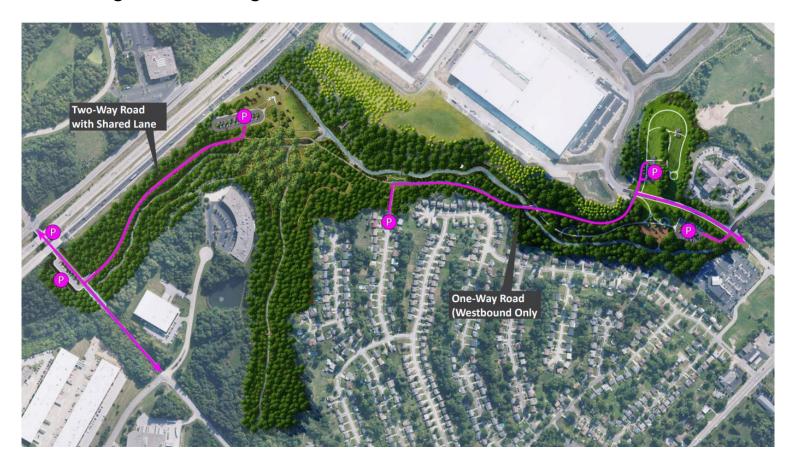

Traffic and Safety Improvements

Reduction in Tractor-Trailer Traffic:

- Old Erlanger Road / New Sycamore Tree Lane will be designated as "one-way" exiting towards Houston Road.
- This will prevent tractor trailers from entering the Cherry Hill Subdivision, reducing accidents, power outages, and congestion.

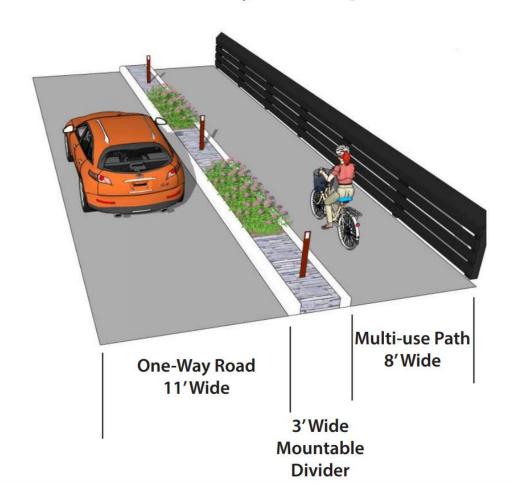

Pedestrian Walkway

- A new 4,900 linear ft. pedestrian walkway from Houston Road North to Turfway Road.
- Provides a safe, scenic route for walkers and cyclists.
- Further discourages heavy vehicle traffic.

Roadway Concept

Park Features and Accessibility

- Dog Park: Located at the intersection of Houston Road North and Old Erlanger Road.
- Additional Parking: New parking areas to ensure easy access to the park.
- I-275 Culvert Pipe Access: Safe, accessible route for bicyclists and pedestrians to cross I-275.
- Trailhead and Amenities: New trailhead with parking and facilities at Turfway Road.

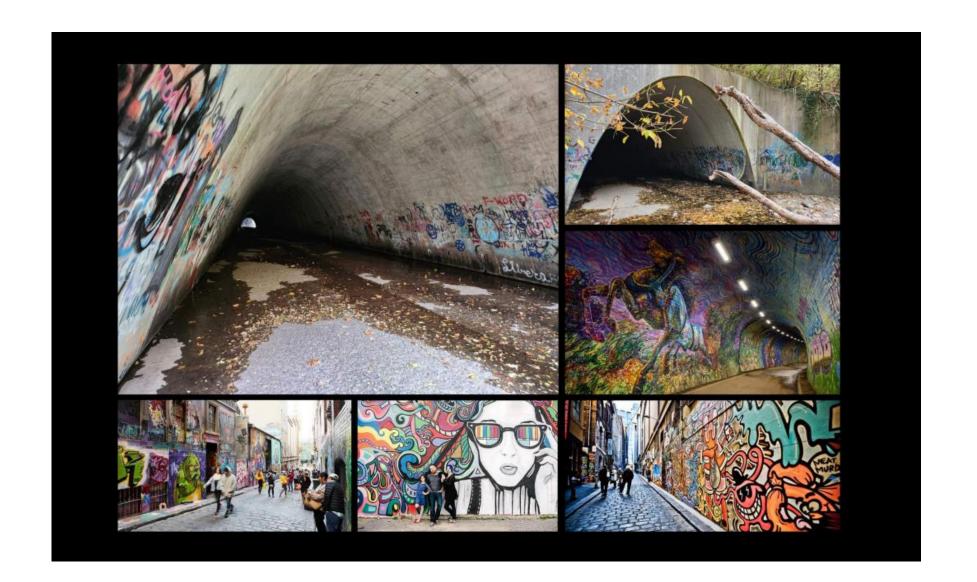

- Mountain Bike Trails: Providing new recreational opportunities for all ages by enhancing our natural spaces to foster a vibrant, active community.
- Collaborating with the Cincinnati Off Road Alliance (CORA) for initial build-out. CORA
 assisting with trail-planning, easements, and sustainable construction.

• Underpass and Culvert: Creating more accessible and safe routes for pedestrians and cyclists.

Underpass and Culvert: Creating more accessible and safe routes for pedestrians and cyclists.

• Canopy Trails: Developing elevated walkways through tree canopies.

Closing Remarks

. Thank you for your attention and participation.

We look forward to your continued input and support as we develop these exciting community projects.
