

October 2024

# ADMINISTRATION MONTHLY REPORT

## Dixie Farmers Market

After more than 16 years, Don Koop retired from being the City's Market Manager at the end of last year's season. Don had a great rapport with the farmers and we knew he would be hard to replace. Former employee Ralph Sydnor stepped in to help us and has been doing a wonderful job. This is the last month for the Market, so don't forget to stop by on a Thursday.

## Depot Museum

Sab Fogt has joined our team as the City's Museum Attendant. Sab is currently preparing for the Museum's re-opening in early December, as we celebrate an old fashioned Christmas. If anyone would like to submit a family holiday photo to be placed on the Museum's Christmas tree, please email the picture to [sab.fogt@cityoferlanger.com](mailto:sab.fogt@cityoferlanger.com) by November 12, 2024.

## Wifi in the Parks

Free wifi is now available for those visiting our Cahill Commons, Depot, Flagship, and Silverlake Parks. Thank you to Jim White and Ray Oldiges for making this happen.
