

November 2024

PUBLIC WORKS MONTHLY REPORT

PROGRAMS

Christmas Decorations

Just like in years past the PW's staff has started its Christmas decorations throughout the city. This year the department has added two other locations. The Depot building and at Kenton Lands / Crescent Avenue. With the two new additions this brings the total to ten locations around the city for holiday cheer.

Banners

The Holiday Banners along Dixie Highway and Charley Harper Art inspired banners on Commonwealth Avenue were put up to be displayed through the Holiday Season.

Weather Warriors

The Public Works Department had to get all of the snow equipment ready for a potential early snow event. All trucks and equipment have been tested and are operational.

CAPITAL PROJECTS

New Public Works Facilities

The Public Works Facility is finished with just a few repairs that will be done in the near future. The City had a ribbon cutting on Tuesday November 19th to begin a new chapter in Public Service. The Public Works Team Members are excited and began moving in the next day. Please stop by if you have not already and we will be more than happy to give you a tour.

Street Reconstruction Projects

Jefferson Contracting has finished the street replacement on Hayden Place. Yager Court is also part of this project but they will hold off on it until early spring due to unreliable weather conditions.

Sidewalk Replacement Program

The sidewalk replacement contract was awarded to Humphrey Concrete and they have started back, continuing on where they left off in the Cherry Hill Subdivision. The work will continue until the weather says otherwise and then they will be back in early spring to finish the contract.

Park Projects

Public Works crews are currently working on Sherbourne Park. A new concrete pad for a shelter and plaza have been poured. The next steps will be the installation of the seat wall followed by more sidewalk and play equipment installation.
