### Investigations/Case Highlights:

- Officers responded to the lobby of the police department for a subject experiencing a combination of emotional crisis and drug impairment. The subject charged responding officers in an attempt to gain access to their firearms while yelling "shoot me" repeatedly. Our officers handled the situation well, gained control of the subject without incident or injury and transported him to SUN for appropriate treatment.
- An intoxicated subject who was also experiencing an emotional crisis attempted to jump onto a moving patrol vehicle on Dixie Highway. Our officer was able to make defensive driving actions to avoid injury. The subject was taken into custody without injury or incident.
