

January 2026

# ADMINISTRATION MONTHLY REPORT

## Teamwork

I wanted to take a moment to give a well-deserved shoutout to Bob from our PW team.

Bob recently worked with me to create a train cut-out sign for the Depot Museum that allows kids to put their face in the conductor's window for photos....and it turned out fantastic. His creativity, openness to feedback, and attention to detail were greatly appreciated and helped turn the concept into reality.

I encourage everyone to stop by the Depot Museum to check it out in person—it's a fun addition and a great photo opportunity.

Thank you, Bob, for a job well done!

*Written by Melissa Rogers, Museum Attendant*

## Don't Forget to Recycle Your Lights

Do you have Christmas lights that you no longer use? Donate them for recycling. Drop your used lights off before January 31st at the City Building, Monday-Friday between 8-5 p.m., excluding holidays.
